Thinking Out Loud

H. M. L.

In a democracy it would seem ill advised that any candidate for public service should attempt to ride into office on feats of arms or statesmanship performed by his ancestors. Pride of the individual in his illustrious ancestry, of course, is pardonable, and even acceptable among his neighbors, provided he exemplifies in character and achievement those qualities that made his forebears famous. We have mind Benton Fremont, grandson of the great John Fremont, candidate for the U. S. House of Representatives from this district. Frankly we never knew until this announcement of candidacy that General Fremont had any descendants in this state. Until this moment apparently Benton Fremont has done nothing in the way of public service to win even a passing flash of the public spot light. Realizing this he leans heavily on his genelogoical tree. Personally we don't think the tree should be obliged to support this incubus.

Nexa Saturday night at Bret Harte Inn the Hydraulic Mining Association of California is giving a great banquet at which Congressman Harry L. Englebright will be the guest of honor. We know in advance that at that banquet table every available seat will be taken. It is the first time in a long while that neighbors of Harry Englebright have had a chance to show their appreciation of the many fine things he has accomplished for this district during his years in Congress. It is especially appropriate that the dinner in his honor should be sponsored by the men interested in hydraulic mining, since this particular branch of the mining industry most of all, has been the beneficiary of his services. For, when the first steam shovel of river bottom is lifted in the construction of the debris dams, the vast project conceived and carried through a four year campaign to success by Congressman Englebright, there will open a new era of prosperity for this district. It will be the beginning of a beneficient economic cycle in which all activities of this region will participate and profit. If there were no other achievement to which Mr. Englebright could point, this alone should be a monumental and irrefutable reason for his return to the House of Representatives.

In these last days of the hectic battle going forward in the contest for the seat in the state senate between R. L. P. Bigelow and Jerrold L. Seawell, incumbent, one is tempted to draw the deadly parallel, illustrating the characters of the two contestants. We believe that nothing reveals the character of a man so much as the methods he uses to be elected to office. It has often been a deciding factor, when we enter a booth, to reflect on the kind of battle candidates have waged in their respective campaign, and to place the cross after the name of the man whose record in this respect is clean. We believe most of our readers who love fair play and fair dealing will be inclined to weigh these circumstances when they come to vote, and to place their cross after the name of R. L. P. Bigelow.

No matter what some of the candidates say regarding the duties of those who make ordinances and laws, the truth of the matter is that nothing they do is more important than constructing good roads in this district. Yesterday we had occasion to traverse the Rim of the Lake road around Tahoe. It is one of the most scenic roads in California. A smooth wide highway that makes accessible the entire beautiful perimeter of that great body of living blue water for recreation and renegeration of hundreds of thousands of people. A few weeks ago we traveled over the Yuba Pass and into the wonderfully beautiful Sierra Valley and reflected upon the immense importance of this road to the cattle men, dairymen and mining men of this entire secaion. These are the two roads that Dick Bigelow built by obtaining the co-ordination of state, federal and Forest Service funds for the construction of these two highways. Now that Mr. Bigelow is asking to continue in a wider field his public service, we feel confident that the people of these three mountain counties will show their appreciation of his great achievement and his abilities by electing him to the State Senate.

What Mr. Bigelow has done to improve and make living conditions easier in his long service as Forest Supervisor in this district, Supervisor Arbogast has done in the smaller domain of his supervisorial district. Measured in terms of public need, good roads are only less important than good schools, and nowadays good schools must depend upon good roads. Considering the small amount of money which Supervisor Arbogast has had to spend, the great improvement he has made in the 135 miles of roads in this district in his four year term of office, is remarkable. Not only has he made the roads in this district safer and smoother, but he has helped to reduce the taxes and at the same time energetically shared in the work of modernizing our county buildings, the courthouse and the county hospital. A vote for Arbogast is a vote to continue the present business-like regime on its road to progress and county upbuilding.

Yuba Pass Road Is Monument To Service Rendered By Bigelow

The Yuba Pass road from Downieville to Hobart Mills will, when completed have cost $1,250,000. This is the statement of Bruce B. Burnett, engineer in charge of Forest Service roads. Engineer Burnett states: "Bigelow fought for this project against considerable opposition. The Yuba Pass road was not a state highway when constructed. The section from Downieville to Satley has already cost $763,000, and that from Sierraville to Hobart Mills, $215,000."

The Yuba Pass county road together with other main county roads traversing the Tahoe National Forest were recommended by Forest Supervisor Richard P. Bigelow to be placed in the Forest Highway system soon after the plan of Forest highways was originated. At that time funds were only allotted for construction when the counties or the state would cooperate on a 50-50 basis with the Federal Government. Bigelow conferred with the Board of Supervisors of Sierra county soon after this recommendation was approved placing the Yuba Pass county road into the Forest Highway system. It was his endeavor to obtain cooperation from the county for the construction of this highway. but Sierra county on account of lack of funds could not meet the 50-50 requirements.

Bigelow then conferred with the heads of the Forest Service and was successful in having this road viewed by the head engineers of the Forest Service and the U. S. Bureau of Roads. There was opposition to the project. but Bigelow with the help of the Board of Supervisors of Sierra county and the late Judge Redding of Downieville persisted that funds should be allotted and finally when Paul E. Redington was placed as Regional Forester of the California District, he and Begilow at Bigelow's request went before the Sierra county board and discussed the project.

At that meeting in the summer of 1923 it was finally decided that on account of the inability of Sierra county to meet the requirement of 50 per cent cooperation that this requirement would be waived and early in 1924 the necessary agreements were signed by the county board of supervisors and the Secretary of Agriculture and the first installment for the construction of this highway was allotted and the contract for the first unit from Satley to the Gold Lake Road was awarded.

Work was started in June, 1924. Before this contract was completed the second contract was let from the Gold Lake Road junction to Sierra City and as fast as Forest Highway funds were available work progressed steadily until this highway was completed to Downieville at a final cost of $763,000.

After Congressman Harry Englebright was elected to Congress he assisted the Forest Service in obtaining appropriations for Forest highway funds as our representative of Congress and was an immense help in furthering the Forest highways of this district—not only in Sierra county but in other counties of his district but the Yuba Pass Forest highway was conceived and

(Continued on Page Six)

GRACEY MINE MILL DEDICATED AT BARBECUE

The Gracey Mine mill whistle announced to Nevada City residents Sunday morning that the property had started production and milling.

The management of the Gracey mine held open house Sunday at the mine, in honor of the starting of the mill. About 100 people were present to witness the dedication ceremonies of the new mill. Mrs. Ed Wilkinson, wife of one of the principal stockholders, broke the bottle of champagne on the mill. Mr. George R. Carter of Nevada City was in charge of preparing the barbecue.

Among out of town prominent people present were, Mr. and Mrs. Ed Wilkinson, Stockton; Mr. and Mrs. E. Wilson, San Francisco, principal stockholders; Mr. Russell Wilson, son of Mr. and Mrs. Wilkinson and superintendent of the Black Oak mine, Placer county;; Mr. A. G. Hanke, former operator of the Ancho-Erie mine, and a stockholder in the new company; O. H. Simmonds, prominent mining engineer of New York and Messrs. E. J. N. Ott and F. F. Cassidy of Nevada City.

Storage space for ore had been filled to capacity and mining held up due to lack of space. Now that the mill has started, work of mining will re resumed.

The whistle blew again at 7 o'clock this morning announcing the welcome news of men starting on another shift. The new management have the best wishes of the entire district for success in this property which holds such fine promise of becoming a big producer.

Mr. H. H. Bean, connected with the Miners Foundry in this city is taking a weeks vacation.

HEADQUARTERS BUILDING FOR FOREST SERVICE

Purchase of a Forest Supervisor's headquarters site in Nevada City has been approved. Supervisor DeWitt Nelson of the Tahoe National Forest announces that approval has been received for the purchase of the Native Daughters Park Site, which adjoins the Alpha Hardware, for the purpose of building a Forest headquarters building. The property at present is owned by the Native Daughters of the Golden West and immediate action is being taken to clear title and consummate the purchase. As soon as title is assurred, an architect will be put to work designing an appropriate fire-proof building, which it is hoped can be constructed during the coming winter.

The lot on which the Forest Service is to erect a headquarters building for the Tahoe National Forest was formerly the site of the Central St. John hotel which was conducted for many years by Miss Josephine Downing, daughter of one of the early residents here, who at one time owned what was known as the Downing block.

The property was presented to the Native Doughters by E. M. Rector and G. J. Rector on behalf of the Nevada County Bank. The stipulation was made that it be maintained as a city park and the Native Daughters have so maintained it for many years. They subsequently added to their holding by the purchase from Grissel brothers of the lot between the former St. John Hotel corner and the present Alpha Stores building. Under the present arrangement and sale to the U. S. Forest Service, the Rector brothers waived the provisio under which the lot was originally deeded to the Native Daughters, restricting it to park purposes. It iwas felt that now that the city has a fine park of its own, the need for a small park of this kind no longer exists, and that the business and community interest will be far better served by the erection of a new government building on the lot.

Champion Diver to Take Part in Water Pageant

All arrangements have been completed and rehearsals are now progressing briskly for the big water pageant at the pool in Pioneers Park next Friday evening. This annual carnival of water sports and athletics is for the benefit of the pool and the park. Oscar Odegaard of the Nevada County Lumber Company, is providing free of charge the planks from which the seats along the terraces overlooking the pool are to be constructed. Art Remple of Grass Valley is providing the amplifier and music for the pageant and for the dance which participants in the pageant will hold in Seaman's lodge following the water pageant.

Verle Gray, pool manager, who is in charge of the show, announced today that the Northern California high school diving champion, Earl Johnson, will appear and give an exhibition of high and fancy diving and will also illustrate the new breast stroke, known as the "flying fish." It was through Verle Gray's efforts that Johnson consented to give this exhibition here. Gray formerly coached Johnson in his extraordinary aquatic feats.

Johnson will leave immediately after the pageant to enter in the contest at Los Angeles for the National Junior Diving champoionship there.

All participants in the pageant are urged to be at the pool this evening at seven o'clock to rehearse the several events which will feature the big water carnival. The water in the pool will be changed this evening instead of Friday night as has usually been the case. On Friday the pool will be open from nine o'clock in the morning until 3 o'clock in the afternoon, after which it will be closed for the final rehearsal of the big cast that have parts in the pageant.

Neptune this year will be impersonated by Bud Biggs, strapping athlete whose prowess in the water has given him the reputation of being a human seal Attending him will be four little mermaid pages, Roberta, Betty and Susanne Deschwanden and Doris Garwood. Other mermaids will be Patsy King, Myrtle Berry, Betty Smith, Hazel and Dorothy Thomas.

The water clowns will be Carl Tobiassen Jr., Bill Masterson, and Chick Thomas. Herb Hallett, Jim Barret and Carl Tobiassen will do the fire diving.

Verle Gray reports that tickets for the pageant are going like hot cakes. The price of admission is only 25 cents and the success of last years water pageant is helping to sell the tickets for next Friday night, especially as the pageant this year will have many added attractions.

The water pageant tickets are on sale at the following stores: Kopp's Bakery, Betty Jean Shop, Mrs. Preston's Newsstand, Nevada City Drug Store, Nevada City Nugget, Alpha Stores (Mrs. Virginia Ghidotti,) The Lace House (Mrs. Ruby Miller), Bosworth Furniture Co., Foote Electrical Co., Dickerman's Drug Store, Colley's Ice Cream Shop, J. J. Jackson's Grocery Shop, Harris Drug Store, and Plaza Grocery.

Mr. J. V. McClain was awarded a fine pair of maplewood skates at the skating rink in Armory hall a few days ago. He had just bought a high priced pair, so auctioned the new ones off at the rink. Last Monday night Mr. H. Merriweather of the Zeibright mine also won a pair of skates. Mr. T. L. Keller is operator of the rink and stated skates are awarded each Monday evening.

Miners Foundry Is Reorganized, Expands

Announcement has just been made that the Miners Foundry and Supply Company has been acquired by the following named individuals: Mr. and Mrs. R. R. Goyne, Benjamin Hall and Ted Edinger with a view to extending the plant to increase production and efficiency.

The greatest project and the one nearing completion is in the welding and steel fabricating department under the direction of Mr. Edinger, where a new building of 4,000 feet of floor space practically quadrupples the old plant. The addition of mono rail hoists and travelers together with the production layout of the floor plan should result in large savings of mutual advantage to management and customers, at the same time providing facilities for steel fabrications of any size or intricacy, and materially increasing production on the famous Miners Foundry are car and mills.

The office facilities under management of Mr. H. H. Bein have been materially extended, including additional floor space to handle the welcome increase in volumn of business.

The Miners Foundry has recently been appointed distributors for the White and Indiana trucks in the counties of Nevada, Sierra, Placer and El Dorado with Mr. Robert Brandienier in charge of sales and service, whose energetic handling of this department is to include the installation of service facilities for these vehicles, which program is now under way.

The foundry and machine shop under the management of Richard Goyne is being newly equipped and generally over hauled toward increased production.

The work in question is progressing slowly due to the pressure of current business, but it is hoped that the completion of the projects will be accomplished within the next 60 days.

The Miners Foundry is one of the oldest and best known business firms in Nevada county and has been since 1860 a most dependable source of service in the Nevada City and surrounding mining districts. It has also enjoyed the patronage of far distane fields, even South Africa and Alaska.

SEVEN COUNTIES OVER TOP FOR MERRIAM RECALL

Seven California counties have reported themselves "over the top" on their quotas of signatures for the Merriam recall petition, sponsored by the United Organizations for Progressive Political Action, the UOPP A recall office announced today.

They stated that the total number of signatures now safely locked in safe deposit vaults places the recall within striking distance of filing. At the same time they charged a desperate effort by those unfriendly to the movement to block further securing of signatures, charging that circulators have been bought off, and openly threatened.

If checking of recall signatures passes the November election deadline, Frank O'Brien, recall secretary said, a special election will be called. He pointed out that the cost of such an election would be infinitesimal, compared with the expected tax increases when the governor draws up his 1937-39 budget early in January, and but one eighthieth of the present state deficit.

Simultaneously, the UOPPA revealed that Raymond L. Haight, former state corporation commissioner, who astonished the state by his showing in the 1934 gubernatorial race, is far and away in the lead in the statewide gubernatorial preference poll being conducted by the recall group.

Instituted to gain an idea of the voters' choice for a Merriam successor, the still incomplete poll shows Haight with more votes than all the rest of the possibillties listed, the UOPPA said.

O'Brien, in charge of the poll, stated that Haight at present has better than 52 per cent of the votes, with State Senator Culbert L. Olson a poor second with 20 per cent. Governor Merriam and Publisher Manchester Boddy are third and fourth, respectively, while other choices have practically no support.

Voters were selected at random from the lists of both major parties, on a basis of their statewide proportionate registration.

O'Brien announced that recall headquarters are to operate as usual. In a statement today, Rube Borough, former Los Angeles newspaper man in the recall organization said:

"We are determined to oust the governor from office, and nothing will deter us. In the welter of obscurity surrounding the Pacific Mutual 're-organization,' the people are now beginning to see Merriam in his old familiar role of cat's-paw to a group of powerful business men.

"His administration is openly backing the tide lands oil drilling initiative. No other administration has ever before supported a privately originated initiative measure.

"The stench of the liquor grafts which are flourishing under his rule rises from some new vent with almost weekly regularity"

CLUB ABANDONS SHOW FOR LACK OF FLOWERS

The committee of the Nevada City Woman's Civic club appointed to arrange for a fall flower show have, after due consideration decided not to have a show this year. The committee consisting of Mrs. C. E. Parsons, chairman, Mrs. Evans, Mrs. R. J. Bennetts, Miss Winnie Mulloy, Mrs. A. W. Hoge, Mrs. J. B. Newsome, Mrs. Hal Draper, Mrs. James Penrose, Mrs. Bert Forman and Mrs. Frank Farmer have carefully weighed all angles of the affair and decided that due to the lack of flowers at this time, caused by hot weather which forced an early bloom, a flower show would not be feasible.

The ladies have put on such beautiful shows in the past and ever aim to make each one surpass the past. They did not believe that this could be done this year.

However they still have a great working enthusiasm ror civic projects and will direct their energies to some other event. A spring flower show has been discussed but no conclusion arrived at.

The club year opens on Monday, September 14 and at this meeting further plans will be discussed.

CHAMBER OF COMMERCE WILL MEET TONIGHT

President Fred E. Conner of the Chamber of Commerce requests that all members attend the meeting tonight at the Chamber of Commerce rooms. Important matters to be decided upon are: Final settlement of Fourth of July celebration financial affairs; proposed transportation in the Washington distrnct, and the dinner next Saturday night at the Bret Harte Inn, Grass Valley, complimentary to Congressman H. L. Englebright.

CAR ROLLS OVER AND TRAPS, HURTS DRIVER

At an early hour this morning as two cars attempted to pass near the home of Thomas Oliver at Nevada City's southern limits, the car of F. L. L. Harris seemingly skidded and after turning over a time or two landed against a tree badly damaged. The door was pried open to let Mr. Harris out. He received a cut on his leg which was treated by Dr. B. W. Hummelt. Officer Charles Ninnis states the drivers of the cars agreed they were both at fault in the accident.

"No Man's Land"

(That's the "Single Tax" Plan)

Voters who think they will get out of taxes by voting out the sales tax, should be warned that there is a goblin in that measure that is sure to get them if they "don't watch out."

As everybody knows, or should know by this time, voting out the sales tax automtaically votes in the single tax. The measure is so worded.

It may look good to some, to think that all taxes under this system, will be saddled onto the land owner, but the land owner is not the only one who will suffer.

Those unable to own their own homes or business property, and who pay rent are the persons who will suffer first and worst, for they will have to pay the costs. It will not matter whether the land owners find themselves able to pay the extra burden, or are obliged to let their property go to the state for delinquent taxes the tax still must be collected from the land. Tenant farmers will find the rents raised so high they will not be able to continue farming. Families living in rented houses, or doing business in rented buildings, will find their rents raised so high they will not be able to meet the monthly payments. When all the various forms of taxation now in force are lumped together and piled exclusively onto the land it will drive thousands of business firms out of business, thousands of tenant farmers out of their farm homes, and thousands of home renters out of their homes.

The single tax proposition actually resolves itself into a government based on rental payments for its support. Its ultimate aim is for the state to be the sole owner of all real property, and all the people renters from the state. No man will then own his own home, or the surety of a permanent abiding place.—Orland Unit.

Stranger Than Fiction

When I was just a little child
I had a cherished pet;
It was affectionate and wise—
In my dreams I see it yet.
My father brought it home one day—
You see, he'd hooked its mother;
Said he, "here is a salmon trout
For you dear, and your brother.
We taught that fish to follow us
Like Mary's little lamb
And as it played about the door,
We fed it cheese and jam.
About its slender waist it wore
A bright blue ribbon sash;
And with a big bow at the back,
Our salmon cut a dash.
One night we missed it from its perch,
But mother said, "the little dear
Had climbed a tree to spawn."
We never found our precious pet,
Although we searched for years,
But still we kept its memory fresh
With warm and salty tears.
Now just last week in old French Lake
I saw that pet of mine;
The same blue sash about its waist,
The bow still crisp and fine.
And there were schools of progeny
Whose numbers none can tell;
Most certainly our salmon spawned,
Not wisely but too well.
But here's the strangest fact of all—
It really laid me low;
Each new born fishlet wore a sash
Tied with a big blue bow!
And so dear editor, I send
This wistful tale to you;
Please do believe me when I say,
"It's absolutely true!"

—A. MERRIAM CONNER.

LOCAL HAPPENINGS

Mr. and Mrs. Charles Myers of Pike City spent some time at their home on Gold Flat Saturday. Sunday they were accompanied by Mr. and Mrs. R. M. Ewing and motored to Alleghany to celebrate their 32nd wedding anniversary with a fine dinner at the hotel of Mr. Thomas Gill.

Mr. Ed Baker of Nevada City celebrated his birthday at Lake Vera Sunday with his wife and several friends present for a delightful time and delicious dinner.

Mr. A. Jacobs, local merchant returned Friday evening from attending market week in San Francisco and Los Angeles. He stated new fall colors are brown, blue and the new shade of dubonnet.

Mrs. Ruby Miller, of the Lace House, has as guests, Mr. and Mrs. Ed Sullivan of Oakland.

Mrs. F. F. Cassidy and mother, Mrs. S. J. Carr are home from a ten day vacation in San Francisco.

Misses Nancy Nilon and Betty Starr returned home Friday from a visit with Mrs. Frank T. Nilon of this city.

QUEEN OF SHEBA MINE IS BEING DEVELOPED

R. C. Malone, one of the owners of the Queen of Sheba mine that lies between the Kenton and the Fruitvale properties at Alleghany, visited the Nugget office this morning with a fine showing of ore specimens that are unusually heavy, although no free gold was visible. Mr. Malone states that he will continue the development of the property as rapidly as possible.

BASEBALL

Due to unforseen difficulties the baseball game between Nevada City and Kraft Cheese team of Stockton scheduled for Sunday at Pioneers Park was cancelled. Tentative plans are to play the Arden Club of Sacramento this coming Sunday. A game has been arranged between the San Juan and Nevada City teams for Sunday, August 30. Mr. Milo Ungaro is captain of the Nevada City team.

MAN'S HEART SKIPS BEATS—DUE TO GAS

W. L. Adams was bloated so with gas that his heart often missed beats after eating. Adlerika rid him of all gas, and now he eats anything and feels fine.

Dickerman Drug Store and R. J. Harris, Druggist.

Social Events

Peter Van Loben Sels to Wed Miss Roberta Smith

Friends in Nevada county have received the news of the coming marriage of Peter Jan van Loben Sels son of Mr. and Mrs. C. C. van Loben Sels of Vorden to Miss Roberta Smith of Claremont. The ceremony will take place next Friday in the Claremont home of the bride-elect's mother, Mrs. Henry Cowles Smith. Following the wedding the bride and bridegroom will reside in Berkeley. Mr. van Loben Sels graduated from Stanford in June and his fiancee is a graduate of Mills College.

Mr. and Mrs. van Loben Sels and family resided in Nevada City for a time. Mr. van Loben Sels took over and operated the Murchie mine for several months. He has also been interested in the Sneath and Clay mine on Gold Flat.

Mrs. Rector and Daughter To Take Eastern Trip

Mrs. E. M. Rector and Miss Margaret Rector will leave for New York Monday. Miss Rector who graduated from the University of California with the class of 1936 will enter an eastern school and take a post graduate course. Mrs. Rector will visit Mr. and Mrs. Fred Searls, Mr. and Mrs. Carrol Searls and Mr. and Mrs. Kolberg in New York. Mrs. H. Hadfield, sister of Mrs. Carrol Searls will journey with Mrs. Rector.

RICHARD HENRY GEORGE LAID TO REST SUNDAY

Funeral services will be held tomorrow morning at 10:30 o'clock from the Jefford Memorial Chapel for the late Richard Henry George who passed away in Grass Valley early Sunday morning.

Deceased was a well known and highly thought of citnzen of Grass Valley aged 69 years. Surviving him are the widow, Mrs. Annie B. George, a daughter, Mrs. Camille Pollard of Alleghany; two sisters, Mrs. Lillie Body and Mrs. Carrie Richards, and a brother, Joseph Michell.

The Masonic services will be held. Rev. Charles Washburn will be the officiating clergyman.

CHEROKEE FIRE BURNS 300 ACRES

Clouds of smoke arose to the northwest of Nevada City Sunday afternoon and the odor of burning pine timber, and embers, drifted into the city, the sun being overcast for a time from a fiercely burning fire at Cherokee near North Columbia. About 300 acres were burned over before the fire was brought under control. State Ranger W. F. Sharp was assisted by Assistant Ranger Matt Lawrence and state crew, and the Tahoe National Forest sent CCC men from the camp east of this city with trucks. It is stated one of the state crew came near being burned to death in a sudden flare of the fire, losing his canteen as he ran to safety.

Another fire at Dew Drop Inn below Grass Valley burned over about 200 acres Sunday lasting until late in the evening. State Ranger Sharp was assisted by a state division of forestry truck and five men from near Auburn. Men were sent from Hurlton or DeSabla CCC in Butte county and Dobbins CCC in Yuba county. Also on the Dew Drop Inn fire were Jack Amundsen, field clerk and dispatcher of the Nevada City State Camp, who was later joined by Assistant State Ranger M. Lawrence; Mr. Earl Barron, assistant state fire chief, and Bert Bunow, forest technician, of Sacramento, and Assistant State Ranger George Ruth of Auburn.

LONG LOST CAR OWNER TURNS UP, CLAIMS CAR

A. L. Farr of Quincy, Plumas county, claimed his car, which was left on Park Avenue several weeks ago, yesterday. He told local officers he had sold the car and received a first payment and he couldn't claim it until he received clearance. The new owner come to Nevada City to enjoy the Fourth Celebration and while here claims he had it stolen from him and abandoned on Park avenue. After three or four days residents notified the local officers who took charge of the car and a $5 greenback found in the car pocket along with fishing tackle. The car has been in a garage in storage in custody of the sheriff.

PLACER JUNIOR COLLEGE OPENS ON AUGUST 31

Nevada county high school graduates will be welcomed at the Placer Junior College, in Auburn, which opens its doors August 31, according to Dr. John Napier, principal of the institution.

"I feel certain Nevada county students will find Placer Junior College can meet their needs in both college preparatory and basic vocational courses," said Dr. Napier.

"Grass Valley and Nevada City are located such a short distance from Auburn that it will be possible for many students to live at home while attending this college for two years."

Dr. Napier today announced the appointment of a faculty of sixteen instructors, headed by Wyman Olson, associate dean, to care for the first classes on August 31.

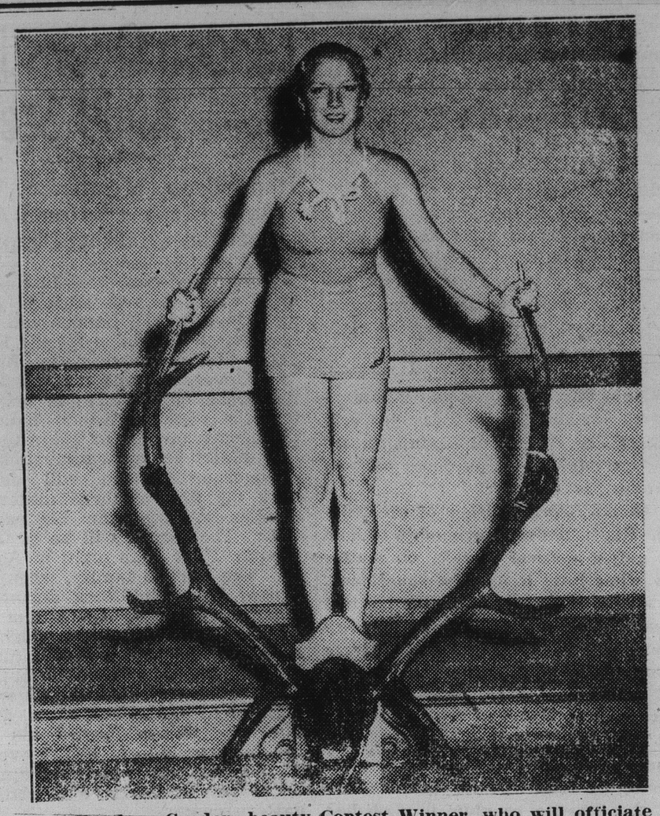
Agriculture, commercial and university transfer courses will be stressed. A strong course in geology will be offered this year looking forward in time to a strong course in practical mining. This course should appeal to the young men of this region.

Courses will be given in fruit growing, soils, forestry and botany.

R. D. Richardson a graduate of Utah State College, will give the courses in agriculture, while Miss Ruth Wall with a master's degree from University of California in her specialty will handle botany.

Strong commercial courses featuring shorthand, typing, bookkeeping, accounting and commercial law will also be given by Mr. Robert E. Williams, a graduate of the College of Commerce Oregon State College and Mr. Richard A. Hoffman graduate of Stanford University.

University transfer courses will be given by Dr. Howard C. Benedice who took his B. A. and M. A. from Stanford and his Ph. D. from Northwestern in chemistry; by Mr. Wyman E. Olson who took his graduate work at the University of California; and by Mr. Frederick H. Gerken who took his B. A. and M. A. degrees at the University of California.



Emaleen Gordon, beauty Contest Winner, who will officiate as one of the 27 hostesses at the Elks State Convention to be held in Oakland.

Miss Mary Leete, of San Francisco, sister of H. M. Leete, arrives this afternoon for a short visit at the Leete home on Prospect Hill.

LEACHING PLANT OPERATING

The leaching plant constructed to work over the tailings of the Idaho-Maryland milling equipment has been completed and began active working last Friday. Present leaching operations are in the nature of a test run but will soon be operated to its capacity of 400 tons a day on flotation slimes and the sands of the tailings lake.

ETTA BANKUS BRIDE AT RENO CEREMONY

Miss Etta Bankus of Nevada City became the bride of Mr. Fern Richards of Sacramento at an impressive ceremony before Judge Thomas E. Moran of Reno, Nevada, yesterday morning, August 15. The brides sister and brother in law, Mr. and Mrs. John Hlinarich, accompanied them to Reno and were witnesses to the ceremony. A wedding breakfast was served at the Mlinarich home upon their return. In the evening the bride's father, J. A. Bankus, gave a banquet and reception at his home on West Spring street in honor of the newly wedded couple. A large crowd of relatives and friends were present to wish them much happiness.

Late in the evening Mr. and Mrs. Richards departed for Sacramento where they will reside. Mr. Richards is an assayer on a gold dredge near Sacramento.

The bride is a charming young woman. She was a candidate for the Whiskerette queen for July 4th and was an attendant on the beautiful float.

With this marriage of this young woman, Judge Moran has performed the third ceremony for three sisters. He married Mrs. Marry Jackson, of Illinois, Mrs. John Mlinirich of Nevada City and Mrs. Richards.

A couple of Iowans were discussing the drought.

"It sure made the wheat short," said one.

"Short?" countered the other, "Say, I had to lather mine to mow it."—Chapparal.

One Good Term Deserves Another

WHY CHANGE?

FOUR YEARS AGO -

Carey S. Arbogast

Incumbent Supervisor of Supervisorial District No. 1, candidate for reelection at the August Primaries promised

GOOD ROADS AND A REDUCED TAX RATE

He has made good on both. Roads ARE better. This year Nevada County will have the lowest tax rate in its history.

VOTERS, your best interests demands a return to office of a man who has had experience and who has made good.

STATEWIDE POLL UNDERTAKEN ON LIQUOR ISSUES

Those who recently circulated local option petitions here were cooperating today with an army of approximately 2,000 volunteer workers throughout the state, in a house-to-house poll to determine the public's attitude on the two liquor control measures which will appear on the November ballot. These have been designated as Propositions No. 3 and No. 9.

The so-called local option measure —Proposition No. 9—shattered all previous records for the number of signatures obtained by voluntter workers, according to the secretary of state. This is regarded as indicative of aroused public opinion on the present liquor set up.

Local option petitions containing 200,337 names from all but four counties in the state have been certified. This was nearly 15,000 more names than the 186,378 required to place an initiative measure on the ballot.

In a statewide campaign caucus of local option leaders at Atascadero last Wednesday, sponsors of the local option law stressed the fact that, in a strict sense, the proposition is "neither wet nor dry", but is simply an enabling act, which will give individual cities, towns or counties the power to "regulate, zone or prohibit the sale of alcoholic beverages". thus breaking the monopoly now held by the board of equalization.

Campaign lines were forming this week as the army of volunteer workers received their instructions to carry the house-to-house poll into every precinct in the state. Results of this canvass will be carefully analyzed and compared with previous statewide votes on the liquor question as a foundation for the forthcoming campaign for local option.

SINGLE TAX ON LAND SIMILAR TO SOVIET ACT

SACRAMENTO, Aug. 17.—Drawing a sharp parallel between the tenets of "Single Tax" (Land Tax) advocates, and the decree of the Soviet Republic, confiscating private property, John R. Quinn, chairman of the State Veterans' Welfare Board, today denounced the "Single Tax" Act on the November ballot—Proposition Number 1—as "a deliberate attempt to plunge California into Communistic experimentation."

"The taxes which would be charged under the 'Single Tax' in California are plainly and designedly confiscatory," asserted Quinn, "the admitted intent of the act being to destroy home and farm ownership and establish the state as the landlord of its citizens.

"Such a proposal is in direct violation of the fundamental American principle which guarantees the right of private ownership of property.

Establishing the parellel between "Single Tax," theories and Communistict doctrines, insofar as property rights are concerned, Quinn quoted the principles and purposes of both groups, as follows:

Henry George, father of the "Single Tax": "Private ownership of land is gainst natural justice, no matter by what laws it may be sanctioned. I would bring about instantly, if I could, such change of laws all over the world as would confiscate private property in land, without one penny of compensation to the miscalled owners."

The Socict decree, nationalizing the land in Russia: "All private ownership of land—within the confines of the Russian republic is abolished forever."

"California voters," said Quinn, "should overwhelmingly repudiate this brazen attempt at Communistic legislation which would rob our home-owners and farmers of their properties and wreck our industries. Proposition Number 1 is a deliberate attempt to use the taxing power for radical experimentation."

Cockney Woman (charged with assaulting her husband): "I asked 'im if 'e loved me, an' 'e was so long thinkin' about it aht I 'it 'im with a mop."—Troy (N. Y.) Times-Record.

Landon Opens His Eastern Tour Amid Scenes of His Birthplace

Republican Nominee Will Make Many Platform Appearances to Meet People.

West Middlesex, Pa.—In this village, where he was born 49 years ago, Governor Alf Landon will start his eastern campaign for the Presidency of the United States, August 22. Governor Landon's tribute to the scene of his birth is bringing forth a response which indicates the largest turnout in the history of this quaint Pennsylvania village.

Governor Landon will deliver here the first of three major addresses scheduled for his eastern tour. The second will be at Chautauqua, N. Y., the night of August 24. The Landon family, when they visited West Middlesex during the summer holidays, spent much of the time at Chautauqua, which has been a powerful agency in moulding educational and public opinion. The third address will be given the night of August 26 at Buffalo, where Woodrow Wilson opened his successful campaign in 1912. Governor Landon will make platform appearances on the way to and from the eastern center.

The rally here will be the first important occasion in which thousands of Governor Landon's eastern friends and supporters will be able to participate. Governor Landon's birthplace is in the center of a vast industrial area—6,000,000 persons live within a radius of 100 miles, and many thousands are expected to hear the Republican nominee.

West Middlesex recalls that John M. Landon, father of Governor Landon, came to this section of Pennsylvania to enter the oil fields. The Landon family moved to Elba, O., before Alf Landon was born, but at the time of his birth in 1887, his mother was visiting in West Middlesex at the home of her father, a Methodist Episcopal minister.

Governor Landon's saying that "you can't spend what you haven't got" was taught him at parental knees in a family that knew hard times along with the good. Young Landon was taught the principles of thrift from his earliest childhood. Applying those principles as governor of Kansas, where he cut taxes and balanced the state budget during the depression, has brought national attention to the man and to his methods of government, which he proposes to install in Washington.

Crisis U. S. Faces Stressed by Knox

Vice Presidential Nominee Heartens Throng at Connersville, Ind.

Connersville, Ind.—The gravity of the present situation confronting the American people was pointed out here by Colonel Frank Knox, Republican nominee for Vice-President, in the first major speech of the campaign following his acceptance address in Chicago.

"The issues we discuss are grave," Colonel Knox said. "The American people have not faced since the Civil War an election with more at stake. We are confronted with problems that go to the very roots of the American economic system."

In continuing to stress the "crusade," Colonel Knox attacked the New Deal party with the assertion: "Whatever the government has been doing about recovery has been wrong. It has not helped recovery. It has blocked recovery. The Administration has proceeded on the theory that the business man and the farmer must be told how to run their businesses by some planner in Washington."

Vandenberg Urges Fight for Liberty

Chicago. — Declaring that the American flag "is not yet red nor even pink," Senator Arthur H. Vandenberg of Michigan told the Union League Club in an address here that "it still is the personification of the Constitution; it still is the banner of a free peopie who propose to vote themselves a new emancipation" in November.

Asserting that the American people must "fight for their liberty," Senator Vandenberg charged that the New Deal administration is sponsoring, through Secretary Henry Wallace, an 'unwritten constitution.' "If you do not want this 'unwritten constitution' this may be your last opportunity to say so," warned Senator Vandenberg.

Mr. Edd Addington left early this week for Feather Falls, Butte county, and where he is engaged in reopening his mining property, the Horseshoe mine. Assays from the ore ran quite high and Mr. Addington feels he has promise of a good producing property, as soon as more development is carried out.

A new roof is being put on the Elks building in Nevada City this week. The hot tar and roofing material is being spread over a surface of about 100 by 60 feet.

Miss Mary Warnecke and Walter Warnecke left Sunday for Oakland. Miss Warnecke will enter the Convent of the Holy Names, Walter will enter the University of California in the pre-medical course.

Harry Davey leaves Friday to begin his senior year at the University of California at Berkeley.

Miss Clariss Holland goes to Berkeley Wednesday to enter her sophomore year at the University of California.

YUBA PASS ROAD IS MONUMENT TO SERVICES RENDERED BY BIGELOW

(Continued from Page One)

work was well under way before he was elected as congressman for this district. There was no delay in the construction from the start of the work to the finish and before one contract was completed funds were allotted for the next unit.

The original agreement with the Sierra county board of supervisors was the first signed agreement in which the Forest Service waived the requirement of a 50 per cent cooperation of funds by the county government concerned. Since that time the counties have not been required to cooperate in construction funds but have been required to obtain rights of way from private land owners and also have been required to maintain the highway after construction work was concluded. It was on this account and the fact that the mountain counties were not in a position financially to maintain these Forest highways to a standard required by the U. S. Bureau of Roads that the Forest Service recommended the State Highway Commission that a number of these forest highways, that were not in the State Highway system, should be included.

At the request of the Forest Service, Begilow recommended the inclusion of the Yuba Pass road from Downieville to Sierraville and from Sierraville to Hobart Mills be included in the State Highway system. Probably the State Senator from this 7th district was requested by the State Highway Commission to further the bill that included these Forest highways in the State Highway system as would be a senator's duty to his district.

This statement can be verified by any one who cares to do so from the records of the Forest Service. The U. S. Bureau of Roads make the surveys of all Forest Highways and supervise their construction. The allotments for the construction of Forest highways are passed on annually at a meeting of the Forest Service, the U. S. Bueau of Roads and the State Highway Commission after being recommended by the Forest Service.

The Forest Supervisor of each National Forest recommends annually to the Regional Forester the Forest highways and the development roads that funds should be alloted to.

Congressman Englebright has taken a deep interest in the development of the road situation in his district and deserves great credit in furthering the Forest highway projects which have been constructed throughout his district. It is doubted whether the senator's statement in his published article in the Roseville Tribune bringing Congressman Englebright into this state senatorial contest comports with the facts, but it does violence to good taste. Englebright has his own contest to make and would not stoop to enter into the state senatorial contest of the 7th district.

Bigelow has not had the privilege of having been a member of the State Legislature and therefore has no "Senatorial record" behind him. He however has a record of accomplishment in the Forest Service of 34 years which speaks for itself and can be verified by the records of the Forest Service. He has been especially interested in highways and the roads and has been able to further many projects. He has taken a large hand in state conservation matters. He has shown marked ability in administrative matters which make him qualified to handle any problems that may come up in the legislature if he is elected. He has not promised to build any roads but he can be depended upon to give the same energy to his constituents if he is elected to the State Senate, as he has to this same district as Forest Supervisor of the Tahoe National Forest. He has a reputation of 34 years of honest work and is held in high esteem by both the Forest Service and the people outside the service he has worked with during the past 28 years in this district.

He can be depended upon to meet any situation in the Senate that may arise squarely and for the best interests of his constituents for the mountain counties and for the State of California. He is open for advice from his constituents and will weigh carefully such advice in considering the best good to the greatese number which has always been his motto.

Mr. and Mrs. John Figurski and children of Nevada City are spending a two weeks vacation at Grand Junction, Colo., visiting Mr. Figurski's mother. They encountered a great deal of rain on the trip which was made via Salt Lake City.

MAN GOVERNOR DID NOT AID, IN HOSPITAL STILL

James Fisher, one of the operators of the Mountain View mine at Forest, Sierra county, who received a wrist fracture, abdominal injuries and numerous cuts and bruises in an automobile accident on the Yuba Pass highway, this side of Camptonville last Saturday, left the Jones Memorial Hospital Saturday.

Fisher's companion and mining partner, Axel Hansen, suffering a fractured shoulrer and shock, will remain at the hospital for the present. Fisher and Hansen were injured when their machine left the highway and crashed down the Oregon Creek canyon side for 150 to 200 feet. Fisher was thrown out in the first 60 feet and climbed to the highway to secure aid.

Three machines passed Fisher, sitting at the side of the road. The fourth car contained Governor Frank F. Merriam and E. F. Cassel and L. J. Jarvis of the California Highway Patrol who stopped and inquired as to what had happened.

It was Earl Pauly in a state Division of Forestry truck, which came by some minutes later, who went down the mountainside and carried Hansen to the highway. It took the Division of Forestry officer a half hour to bring the man to the road. He was unaided.

Personal

Misses Esther Hill and Grace Johnson of Berkeley passed through Nevada City last evening enroute home from a week end spent at the home of Mr. and Mrs. A. Browning at French Corral.

Mr. and Mrs. C. E. Bosworth of Nevada City have gone on a ten day vacation. They will visit friends in Livermore, Los Angeles, Santa Barbara and San Diego, and make a side trip to Boulder Dam. This is their first vacation since their marriage and the trip is being spent as a celebration of the anniversary of the event. The store is under the management of B. L. Wilmerton in their absence. In recent weeks Mr. Wilmerton has taken an interest in the Bosworth Furniture Store.

Harry and Bill Browning, who are employed in Berkeley, spent last week end at French Corral with their parents, Mr. and Mrs. Arno Browning.

Mrs. Arno Browning and sons, Mrs. Kate Sullivan and daughter, Nelly, were Nevada City visitors today.

Mr. Sargent Huson, employee of the Keystone Market in this city, who has been seriously ill for several days, is much improved and will soon be in his usual good health.

Miss Catherine Harris and brother Vernon, of Berkeley visited their aunts, Mrs. A. Browning and Mrs. A. Kneebone, at French Corral the past week end.

Mrs. Douglas Farmer, who has been quite ill at her home on Boulder street with bronchial trouble, is improving and an early recovery is hoped for by her many friends.

Mr. and Mrs. Jack Markham and family of near Prescott, Arizona, arrived at the home of their relatives, Mr. and Mrs. E. Phillips of Gold Flat in the last day or so and will make their future home in this district.

WHERE LANDON WAS BORN

The house at 410 Main street, West Middlesex, Pa., where Governor Alf Landon, Republican nominee for President, was born in 1887, has become a point of national interest. Today it is occupied by the Rev. Henry Schilling, pastor of the First Methodist Episcopal church. In 1887 it was occupied by the Rev. Herman Mossman, pastor of the same church, when his daughter, Anne Landon, bore a boy baby named Alfred.

HYDRAULIC PARLOR INITIATES NEW CLASS

At a meeting of Hydraulic Parlor, N. S. G. W., Tuesday evening thirteen new members were initiated into the order and are, Albert Pratti, Lloyd Hiscox, Robert Polglase, Fred Deal, Gove C Celio, Jr., Max Solaro, Robert Tamblyn, Vernon Klenzendorf, Warren Jaynes, J. Mills Hoff, Jr., Frank Klenzendorf. Adrien Torpey, Carl Hieronimus.

An interesting feature of the ceremony was the fact all of the initiatory team were past grand officers of the order. They were, Sr. Past President, Henry Lyon, now grand trustee of Placerville; J. P. Pres. Bergeshousen, Stanford Parlor of San Francisco; John T. Regan, president of Initiatory Team and grand secretary of the district, San Francisco. Harley Russell, grand president, took part as first vice president; Mr. Schroeder, second vice president, Lincoln; Chas. Dodge, past grand president, treasurer of Contra Costa county, who took the office of third vice, Marshall W. Rothenbush, grand trustee, Stockton Parlor; Inside Sentinel, Joseph McShane, grand second vice president.

Vicitors were present from San Joaquin, Contra Costa, San Francisco. Alameda, Sacramento, Yuba, Sutter, Placer, ElDodaro, Nevada and Sierra counties.

PARENTS AND FRIENDS TO ATTEND SCOUT MEET

Parents and friends of the Boy Scouts of the Nevada City troop are cordially invited by Scout Master Verne Gleason to attend the meeting of the boys in Pioneers Park Thursday night. Members of the Scout Council are especially invited to be present. Following the scout meeting there will be a program during which Judge George L. Jones and others will speak.

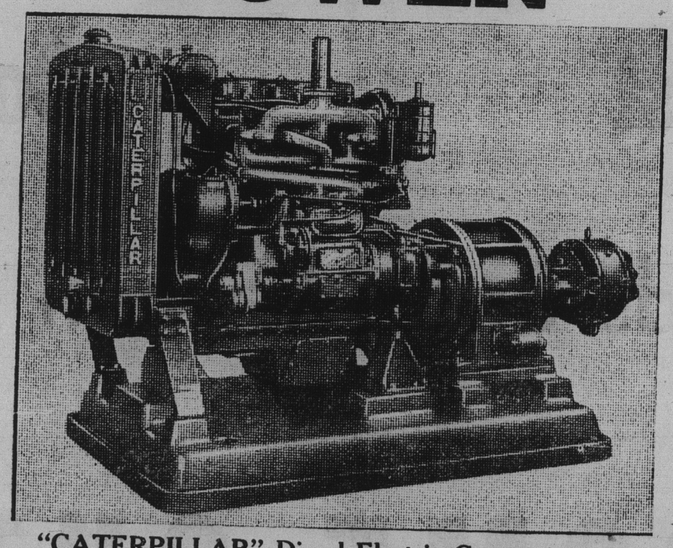
CAR IN CORNFIELD

Traffic Officer L. Richards stated this morning that a car left the road at the turn of the Nevada City-Grass Valley highway in Glenbrook some time Saturday evening and ran into the Sutton corn field about 70 feet. Mr. Lou Elkus of Nevada City towed the car out and it is stated Mr. Earl Sutton, dairyman of Glenbrook is holding the car for damages to the extent of $10.

This is the third time in about ten days that a car has evidently gone out of control and into the corn field damaging the corn crop each time.

Mr. and Mrs. T. E. Pierce and daughter, Betty, returned Saturday for a vacation in San Francisco. Miss Pierce, Nevada City high school student, consulted an eye specialist while away. Mr. and Mrs. Pierce's son, Jack, accompanied them home after spending o week in San Francisco visiting his aunt While in the city he flew in a plane over the big bay bridge.

Modern Low Cost POWER



"CATERPILLAR" Diesel Electric Generating Set

Mines, dredgers, stamp mills, hoists, pumps and electric generators are just a few of the many users of this new cheap power. Caterpillar Diesels direct and light the way for the giant China Clipper Ships.

Need Economical Power?
